

Talk Homework 5/12/18

Recount Writing

This week you are required to write a recount about Christmas Decoration Morning. Think about what you did, who you spent time with, what you created, how you felt, etc.

Remember - your recount is not going to be just a list of all the things you completed.

Top tips - Recounts are written in the past tense, first person (I) and are chronological (written in order of events) so think about these as you talk about your ideas.

Remember you are not required to make written notes as this is talk homework.
