

Big Write Homework – Friday 16<sup>th</sup> November 2018

"He tied his boat off and started to climb the cliffs. He knew that no one had lived to tell what was behind the cloud, but still he climbed."  
Finish the story.

As he climbed the rocks, he felt out of breath. He was out of breath because the wind was strong and because he was nervous. After slipping on loose stones more times than he could count, he reached the top of the cliff. Several seagulls looked at him as he thought about how he would get back down.

Your task is to finish the story. What is at the top? What happens next? How does the story end?
